

# **The 3rd Klondike Longbow Tournament Malvern Archers Saturday 18th August 2018**

## **Tournament Report and Results**

Once again we were blessed with a glorious day for our Klondike and were joined by 20 of the finest exponents of Longbow Archery in the region. It was a very enjoyable day, with good close competition and good humour in equal measure.

After re-fuelling with Tea, Coffee and a hot dog the tournament could begin, and it was then that the Archers found that our usually sheltered field had saved a tricky little breeze for the day that added an extra challenge. Indeed the new target faces showed fewer battle scars after sighters than you may normally expect, but then who wants to use up their Golds on sighters.

In the Gents competition Henry set off with the highest first dozen total, even with a miss in the second end, but his next two dozen opened the door for the others and John took advantage finishing the first distance with an impressive 36 / 36 hits and the top score. Henry was in second place on 33 hits and third at this stage was tied between Tony Allen and Rob, each with 31 hits, with Tony ahead on Arrow score.

The Ladies struggled more with that breeze and the scores reflected it, but Mavis placed first at the end of the distance with Penny 1 hit and 7 points behind.

We got 50 yards off to a start with the best gold competition and it was Tim who took the prize, having actually got the two best golds of the end.

The change of distance favoured some more than others, for the Ladies Mavis once again edged the most hits and Penny had the best distance score. Rob got the best distance score for the Gents, but Henry managed to keep all of his arrows in the scoring zone. Mac made a push with strong score at the distance challenging Tony.

So we moved to the final distance and our second prize of the day, but this time one which no one really wanted to win, Worst white, There were a few with arrows in contention, but it was Penny who took it. Others, including our top Gents shot even closer to the edge later in the distance, but the prize had been claimed.

A word for some of our other competitors, Nigel and Phil got on very well, with Nigel passing on valuable nuggets of information and the pair scored and collected for Mac who was still taking it easy after his Hip Op.

Ali was her usual whirlwind self splitting her time between competing and catering. This is a longbow event and the usual banter rippled down the line throughout.

Tony Allen and Rob had matched each other on hits at every distance and 40 yards would be no different as both kept all of their arrows on target. Henry had just one miss, but scored 3 more than Rob for 40 yards. Fran Hardisty was the most consistent Lady at 40 yards with only one miss and the second highest score just 7 point less than Mavis.

And so the final whistle blew on this years Klondike.
